A NEST EGG

Would be a fitting name for the Aetna Building and Loan plan for savings. A small payment every month, will in a few years yield a handsome return on the investment, by reason of the high rate of dividends earned by this great institution.

Let the Aetna people furnish you the cash with which to build a modern bungalow, or to repair your present home.

In these days of high, and constantly increasing costs, every home and its contents should be protected by liberal Fire and Tornado Insurance Policies.

Don't you need a surety bond? This agency represents the National Surety Company, of New York City, the largest strictly bonding company in the world.

Please call and let us explain these matters fully.
